1 Team members

1. Hoàng Nguyễn Anh - 25125002
2. Nguyễn Phan Minh Nhật - 25125033

2 Responsibilities

Both members has contributed in both frontend and backend aspects. However, the main responsibility is as following:

2.1 Member: Hoàng Nguyễn Anh - 25125002

Responsible for development of frontend features, including user interface and user experience. The noticeable contributions is implementation of buttons and menu, the smooth rendering process and the interactions between players and UI. Developed files:

1. `main.cpp`
2. `AudioManager.cpp`
3. `GameOverScreen.cpp`
4. `GameRenderer.cpp`
5. `GoUIManager.cpp`
6. `LoadScreen.cpp`
7. `MainMenuScreen.cpp`
8. `NewGameScreen.cpp`
9. `SaveLoadScreen.cpp`
10. `SaveScreen.cpp`
11. `SettingsScreen.cpp`
12. `TextureManager.cpp`
13. `ToggleScreen.cpp`

2.2 Member: Nguyễn Phan Minh Nhật - 25125033

Responsible for development of backend features, including the logic and the algorithms. The noticable contributions is implementation of generation of possible moves, as well as the game state manager responsible for the undo/redo as well as the save/load process. Developed files:

1. `main.cpp`
2. `Board.cpp`
3. `GoUIManager.cpp`
4. `GoGame.cpp`
5. `KataGoRunner.cpp`

3 Collaboration tools

We used Git and Github as tool to manage versions of source code and collaboration.
